

Health, Safety, & Environment

Stop Work Policy

Vantage Energy Group is committed to pursue the goal of no harm to people, damage to assets and to protect the environment.

It is Vantage Energy Group's Policy that all employees, including contractors, should stop work when there is an immediate threat to the safety and health of the employees or that of others or adverse impact to the environment.

The individual's decision to stop work has the full support of Management. Where there is any doubt whether work should stop, employees, including our contractor, should immediately notify the hazardous situation to any supervisor on site.

Ahmad Idzhar Bin Ismail
Chief Executive Officer
